

INSTALLATION INSTRUCTIONS**CUSTOM MOTORCYCLE MOUNT
Mirror Mount Edition**

This Custom Motorcycle Mount is designed to attach a number of portable electronic devices to the mirror pedestal mount of cruiser style motorcycles.

Included Hardware List

1. One (1) CMM-203-CH Chrome Bracket
2. One (1) 7/16" Chrome Locking Washer

Step 1.

Begin installation by loosening the nut that locks the mirror in place. Loosen it enough so that the mirror itself can pivot. Continue by removing the entire mirror assembly. Set the mirror and aside in a safe place.

Step 2.

Locate the provided 7/16" locking washer and slide it over the threaded side of the mirror. Insert the threaded side of the mirror back into the original cavity. Tighten the mirror until it is in the correct viewing position. Now lock the nut that will secure the mirror in place. Enjoy your new Custom Motorcycle Mount.

Step 3.

Install any **Mobile Device** or **Amps** compatible device to your **Custom Motorcycle Mount**.

Your installation is complete.
