

Universal USB Socket Charger

MOBILE ELECTRONIC USB SOCKET POWER ADAPTER

The USB Car Charger sits flush in your dash and charges your mobile device while you're on the go.

The sleek design ensures that the charger fits neatly and safely in your dash. Works well for anyone that needs to charge their handheld device or GPS in the car. With over 3 billion devices shipped in 2008 alone, USB is perhaps the most successful interface in modern history. However, most cars do not have a USB port...until now.
